THE HUNT

This scavenger hunt has three sections.
It is designed for families and is best played as a competition.
All ages

FIND

You will be given a list of things you may find in the typical Whistler household. Each item has a different point value. For each item you find you must either keep the item or take a picture of yourself with the item to claim the points allocated. There is also opportunity to earn bonus points with some items - don't miss out on those bonus points.

SOLVE

Work those brain muscles to figure out the answer to riddles and questions for more opportunities to earn points.

PLAY

During the hunt there will be challenges you must complete - mainly just for fun - **ENJOY!** Each challenge has its own points to be won.

This Scavenger Hunt has three sections. We recommend completing the FIND stage before moving onto section SOLVE and PLAY.

Successful hunters will win points throughout the game. You can follow our points guide for at-home prizes or come up with your own!

1. **FIND the items on the list to earn points** – take a picture with your phone of yourself beside the item so your points can be counted when competitors come together at the end of the hunt.
2. **SOLVE riddles that lead to playful challenges** and more opportunities to earn points.
3. **PLAY out your challenges with enthusiasm** – get creative and earn scavenger hunt bragging rights!

Depending on the number of people in your home, you can compete as individuals or in teams. You can also work collaboratively to see how many points you rack up as one big team and challenge your friend's household to the ultimate virtual scavenger hunt.
