WHERE THE COMMUNITY MEETS, CELEBRATES AND CREATES

The Maury Young Arts Centre is Whistler's hub for arts, culture, and inspiration. The building is home to a theatre, a community Art Gallery, multi-purpose workshop, meeting rooms and technical services, all managed by Arts Whistler. This creative, casual and user-friendly venue located in the centre of Whistler Village is a fully accessible facility that can host a variety of events, programs and meetings.

The Arts Centre's centrepiece is our 200-seat performance theatre, with a gallery/reception hall that offers stunning views of Whistler and Blackcomb Mountains. Our in-house technology and versatile spaces are ideal for digital and analogue presentations, performing arts programs, business meetings and community functions.
