A Moment in Time

CELEBRATING THE ART OF **JOAN BARON**

Joan Baron's paintings reflect the passion she had for injecting art and creativity into everyday moments. Born in Vancouver, she was raised and educated in California, then spent her later years in Whistler. Here she found a place that combined her passion for art, environment and active living, inspiring her to create beautiful "moments in time".

Joan described her work as truly "unreal". It best explained her style of capturing scenes subtly balanced between realism and interpretation. Whether painting landscapes or figurescapes, she always said, "Every location, at a point in time, has an exaggeration of colour that transcends realism." Her paintings layer vivid colours and texture, and showcase her love of simplicity and succinct visual composition.

Joan was also active in fostering other art experiences in Whistler. She created the annual "Poet's Pause" RMOW poetry competition and the "Poet's Pause" art installation at Alta Lake. She also initiated the idea for local artist-created lamp pole banners. This program has been in place throughout Whistler for almost two decades and has given exposure to dozens of artists.

Joan passed away in 2015, but her legacy lives on in the beautiful works she created. Arts Whistler is proud to present "A Moment in Time" through the generosity of Joan's husband, Tom Eddie. Tom has donated the paintings on display to Arts Whistler, fulfilling Joan's wishes that her works help support artists and inspire everyone to bring art into their lives. Art sale proceeds will help support gallery programs and initiatives for aspiring artists.
